

2.2.1 The institution assesses students' learning levels and organizes special programmes for both slow and advanced learners.

Our college adopts a process to identify slow and advanced learners among students. Advanced and slow learners are identified on as per their performance in Continuous Internal Assessment Examinations and End Semester Examinations. In order to ensure academic growth of the institution the Tutor – Ward system implemented to review the academic progress and the tutors motivate their wards to improve their performance.

Identification of Slow and Advanced learners:

To identify advanced and slow learners, we conduct “Student Induction Programme” at the admission into the college for the First year students. Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the Autonomous regulations and Curriculum, Universal Human Values, etc., and their mentor groups are formed. As early as possible, we identify slow and advanced learners amongst the students through class-room discussion, question and answer method, by considering their subject knowledge and previous year’s performance.

From second year onwards, we consider their performance in the performance in Continuous Internal Assessment Examinations and End Semester Examinations. The academic performance of the students helps in identifying the slow and advanced learners.

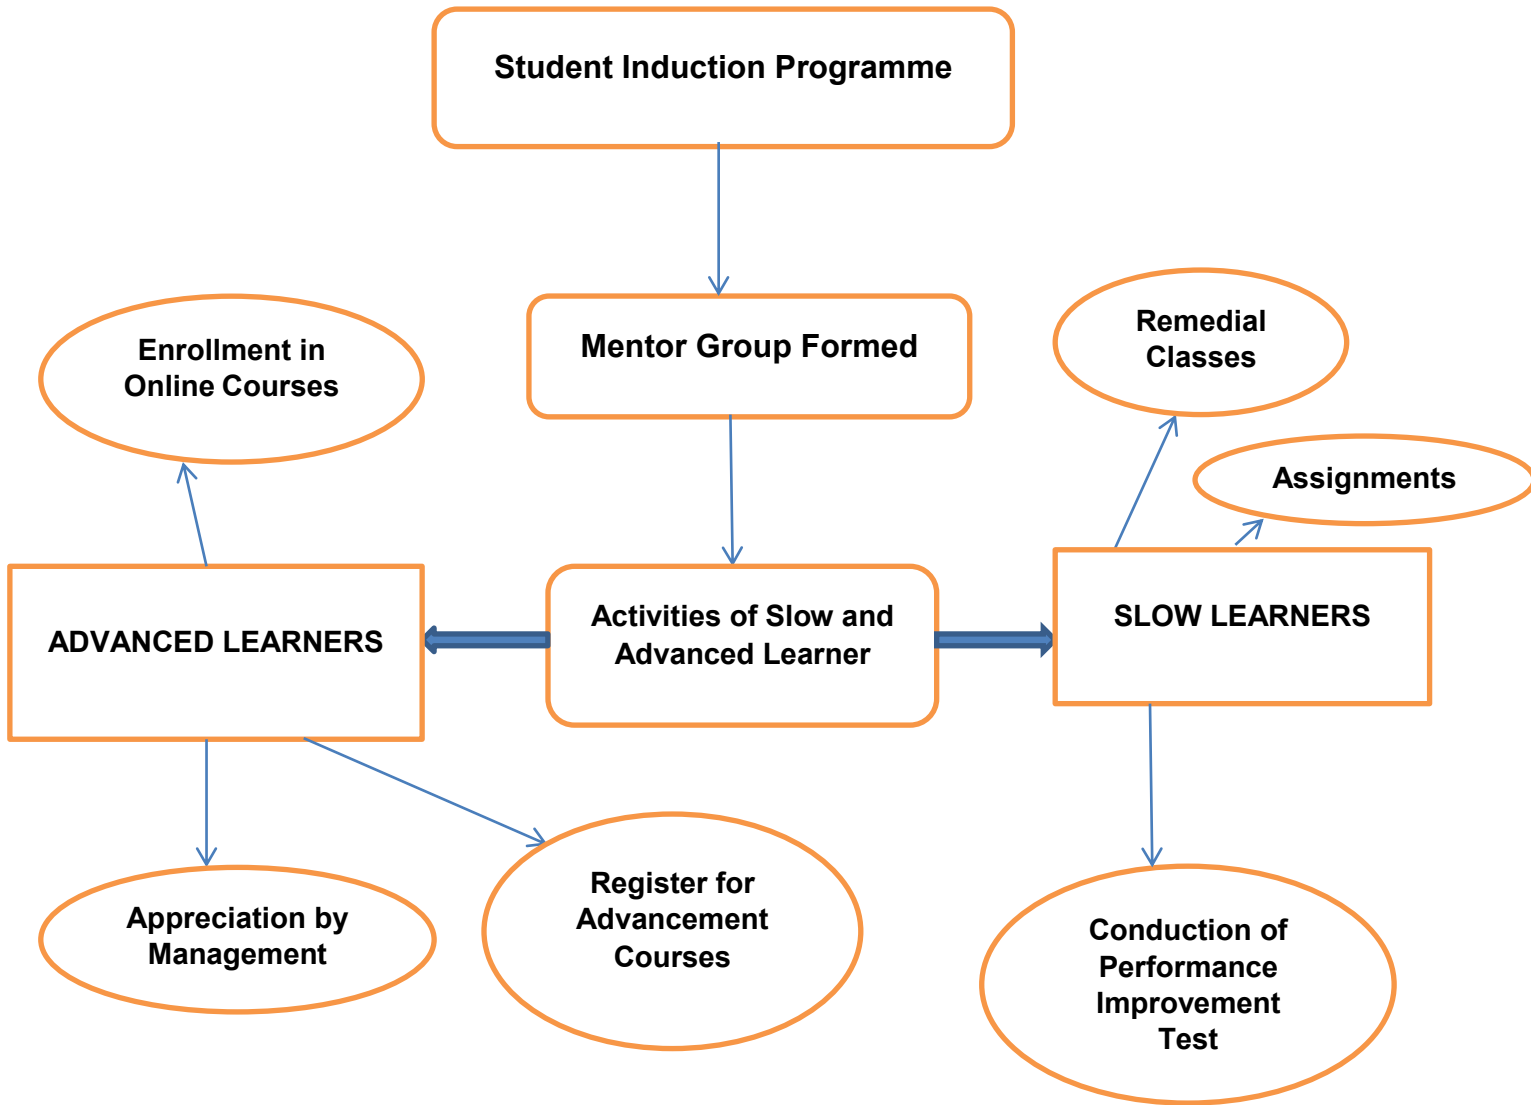

Special Measures for Slow Learners:

- Academic and personal counseling are given to the slow learners by their subject in-charges, Class advisors and mentors.
- Subject wise Remedial classes are conducted for slow learners and absentees to improve their academic performance.
- Performance Improvement Test conducted for slow learners.
- Provision of simple notes and materials.

Special Measures for Advanced Learners:

- Provision of additional learning and reference material.
- Advanced learners are encouraged to register for advancement courses.
- Advanced learners are encouraged to enroll in various online courses.
- Motivated to participate and present papers in various Conferences, Webinars and Workshops conducted by various organizations.

- Students who secured Ranks in the End Semester Examinations are honored with Medals in the College Day to motivate their academic achievements.

REPORT ON INDUCTION PROGRAM FOR THE FIRST YEAR B.E. STUDENTS ADMITTED DURING THE ACADEMIC YEAR 2021-22

As per the AICTE guidelines, Two Weeks Induction Programme was conducted by Sengunthar Engineering College (Autonomous) to the First Year B.E. Students (2021-22 Batch) from from 8th November 2021 to 20th November 2021 in the college. The Induction programme was initiated by the Secretary and Correspondent Prof.A.Baladhandapani and it was continued by eminent Deans, Heads of Departments from their respective fields.

The Secretary and Correspondent engaged the students in a refreshing and educative session. Through jokes, experience sharing and activities, he could hold the students spellbound and deeply involve.

Total 161 entrants from Civil Engineering, Computer Science & Engineering, Electronics and Communications Engineering, Electrical and Electronics Engineering and Mechanical Engineering branches participated enthusiastically and obtained benefit from the programme.

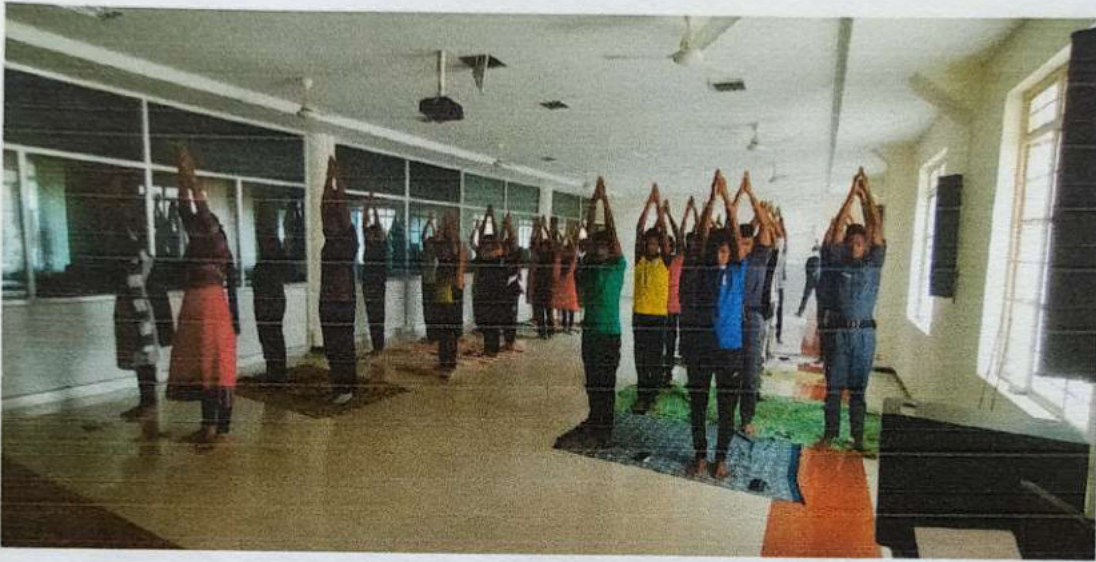

The Principal Dr. C. Venkadesh demonstrated simple approaches towards 'simplifying' life and managing the unnecessary stress even students are so very prone to these days.

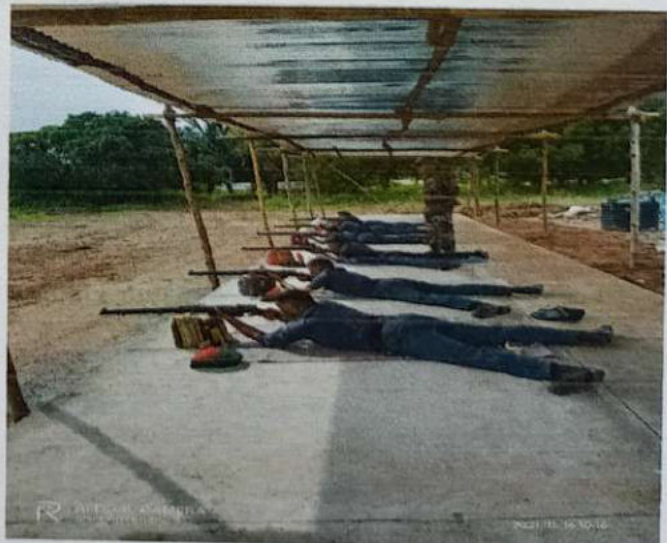

As per the direction of AICTE, the Induction Program was conducted in our college and all the students have participated enthusiastically.

The Heads of various committees (NSS, NCC, YRC, WDC, etc.,) were assigned the task of sharing their vision and objectives of the respective cell and introducing all the major events organized by these cells in the institution to the fresh engineering students. They motivated the students to become members of the cell by explaining the advantages of being in these cells. In general, it gave an insight to the students on the extracurricular and co-curricular activities happening in the Institution throughout the year which will help them to improve their soft skills.

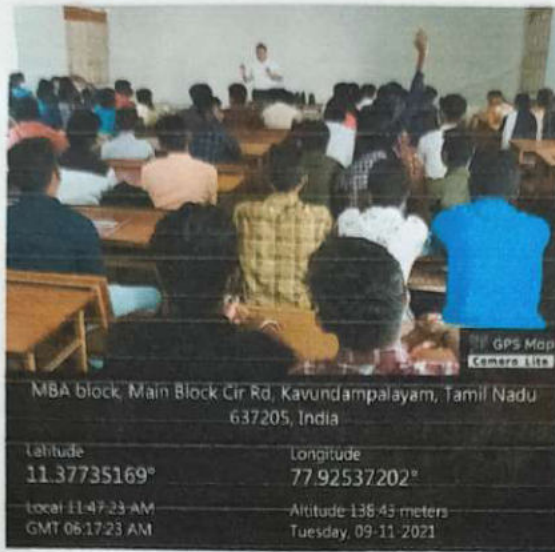

In the session for YOGA, an introduction to YOGA, the importance of Yoga and meditation techniques in our day to day life were explained to the students.

The first year students are fortunate enough to witness the Combined Annual Training Camp at our college premises. During the induction programme, the students were getting exposed to watch the activities carried out by the NCC Cadets like Aero Modelling, Shooting on the Range Fire, Parade and Drills worked out by the NCC Cadets. It flourished the students' minds ever.

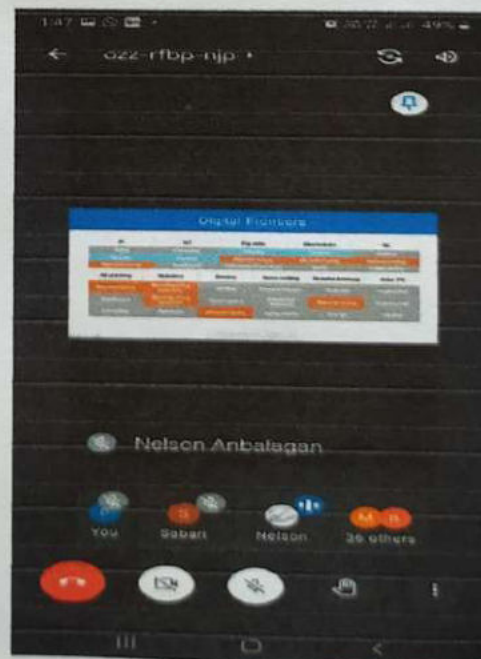

The Director Corporate Relations and Training gave an insight about how learning can be practiced beyond the limits of learning from books.

The objective of this program was to acclimatize the students to the new environment and get them acquainted with the institution culture. The induction programme consisted of about the Vision, Mission, graduate attributes, values, rules and regulations of our autonomous college and significance of Higher Education, Universal Human Values, ethics, professional values, Sports, core values and attitude.

The activities of Orientation by Heads of the Institution, Orientation by Heads and senior faculty of the departments, Orientation by eminent Alumni personalities, Value Education classes, Talent Show, Sports were organized by the college.

Lectures by eminent alumni personalities were also organized to provide different exposure to the students. The Alumni talk was more admired by the entire fresh first-year students. The alumni from India/abroad were shared their experiences in order to enrich students' careers through online mode.

The date wise details of the sessions conducted for Section A,B,C are given below.
