Faculty Professional Development Programme Schedule

28.05.2022

Faculty Induction Programme/Refresher Courses/Short Term Courses/ Development Programmes and Webinars in different subjects in these courses it strived to upgrade and update the knowledge of teachers in different fields of their specialization. The contents of the courses were objectively selected to enlighten teachers about the contemporary developments in their subjects and also to provide an understanding about the emerging areas of research.

Teaching Faculty Induction Programme Schedule

S.No	Name of the Event	Schedule
1	FDP on Outcome based Education and NBA Process	01.11.2021
2	Vastu for House Plan and Design	10.12.2021
3	Seminar on Importance of IPR and Patent for academician	20.12.2021
4	Advance Research in Friction Welding and its Engineering Applications	19.01.2022
5	Seminar on How to Write Research Papers	09.02.2022
6	Seminar on How to Plan for Faculty Start - up and Legal & Ethics Steps	28.05.2022

Department of Computer science and Engineering, Sengunthar Engineering College organized a Webinar on " Outcome Based Education and NBA Process "on 1st November 2022 at 11.00a.m. The speaker of the webinar was an eminent personality Prof. N.J. RAO who is a Retired Professor Indian Institute of Science, Bangalore.

Then Dr. M.Sakthivel, HOD/CSE welcomed all participants on the behalf of computer science Engineering Department.

The resource person shared his knowledge about Outcomes based education (OBE) to restructure the curriculum, assessment and reporting practices in education to reflect the achievement of high order learning and mastery rather than the accumulation of course credits.

NBA's key objective is to contribute to the significant improvement of the Institutions involved in the accreditation process. Accreditation process quantifies the strengths, weaknesses in the processes adopted by the Institution and provides directions and opportunities for future growth.

The seminar ended with vote of thanks given by Mr.C.Karthikeyan. More than 30 participants from our Institutions attended the webinar.

Outcome of the Activity	Acquired knowledge on patent filing and Intellectual Property Rights and motivated for submitting more no. of patents		
Coordinator of the Programme	Mr. K. Ashok Kumar, ASP / CSE		

Department of Computer science and Engineering, Sengunthar Engineering College organized a Webinar on " Importance of IPR and patent for academicians "on 20th December 2021 at 11.00a.m. The speaker of the webinar was an eminent personality Dr.M.Sakthivel HOD/CSE., who is working as HoD / CSE in Sengunthar Engineering College, Tiruchengode.

Then Mr. K. Ashok Kumar, ASP / CSE welcomed all participants on the behalf of Computer Science Engineering Department.

The resource person shared his knowledge about IPR is concerned with the protection of tangible and intangible property. It provides rewards and recognition to inventor/contributor for their research design, discoveries, inventions, etc.,

Aim: The main aim of FDP is to impart greater awareness about the issues of Intellectual Property Rights, which has gained a special importance for all the domains of socio-economic development. The Programme aimed to provide the basic information and awareness on Intellectual Property Rights from innovation to commercialization. It helps to understand of patentability criteria in details and viable aspect of the patent.

FDP Highlights: 1. Intellectual Property Rights and its protection 2. Basic understanding of the IPR 3. Patents, Copyrights and Trademark criteria 4. Publication of paper in journals by academicians and Researcher. The seminar ended with vote of thanks given Mr.C.Karthikeyan. More than 40 participants from our Institutions attended the webinar.

Objective of the Activity	• To describe what your research is trying to achieve and explain why you are pursuing it		
Outcome of the Activity	• To understand where you report the findings of your study based upon the information gathered as a result of the methodology (or methodologies) you applied.		
Coordinator of the Programme	Mrs. T. Gohila, AsPVEEE		

Entrepreneurship Development Cell, Sengunthar Engineering College organized a Seminar on "HOW TO WRITE RESEARCH PAPER" on 09th February 2022 at 02.00 p.m. The speaker of the Seminar was an eminent personality Dr. K. UMADEVI, M.Tech., Ph.D who is Principal at Sengunthar Engineering College, Tiruchengode.

Dr. K. UMADEVI was our Key note Speaker explaining the basic definition of Research Paper. She also explained in depth the different kinds of Research paper. Then she delved into what exactly are intellectual property rights. She also spoke about A complete research paper in APA style that is reporting on experimental research will typically contain a Title page, Abstract, Introduction, Methods, Results, Discussion, and References sections. The session was great and motivates the students.

The webinar was further enlightened by the interesting questions answer session in the last which gave true colors to the webinar and gave chance to young innovators to speak their doubts regarding innovation, patents and its importance. More than 87 participants from various institutions and industries attended the seminar. Participants enjoyed the seminar very much.

Objective:

- Workshop on Intellectual Property Rights (IPRs) and IP management for start up
- Giving broad idea about IPR and IP Management for start-up and its importance.
- Giving idea about process/useful steps for getting IPR approval for any start-up with useful links information .

Welcome Address : Mr. M.Baskaran AP/ECE

The session began with him explaining the basic definition of property.

He also explained in depth the different kinds of property and property rights. Then he delved into what exactly are intellectual property rights. He also spoke about different IPR types like patent, trademark, copyright etc and laid emphasis on the fact how important these are to prevent someone from stealing one's brain child. He took an example of dairy milk chocolate and explained the multiple IPRs which it holds. He then moved on to explain patents extensively. He spoke about the salient features of patents and what kind of innovations can and cannot be patented. More than 25 participants from our institutions attended the seminar.

Department of Mechanical Engineering, Sengunthar Engineering College organized a Seminar on "Solar Energy Applications" on 02nd February 2022 at 11.00a.m. The speaker of the webinar was an eminent personality Mr.C.Mohankumar, M.E., who is working as Assistant Professor / Mechanical in Sengunthar Engineering College, Tiruchengode.

Then Mr.S.Murugesan Assistant Professor / Mechanical, welcomed all participants on the behalf of Mechanical Engineering Department.

The resource person shared his knowledge about solar technologies to diversify their energy sources, improve efficiency, and save money. Energy developers and utilities use solar photovoltaic and concentrating solar power technologies to produce electricity on a massive scale to power cities and small towns.
