

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Sengunthar Engineering College maintains certain policies with regard to the use and security of its computer systems, networks, and information resources. All users of these facilities, including technology developers, end users, and resource administrators, are expected to be familiar with these policies and the consequences of violation.

The college has a comprehensive IT infrastructure, service, security, and administration system that is available to all departments. There is a 50mbps backbone connecting all PCs to the LAN. Internet access is available at all PCs. IT infrastructure is upgraded on a need-to-basis. Efforts are made to maintain previously purchased computers and other equipment.

The Information Technology Policy Committee, guides, directs, and approves the establishment and implementation of policies, guidelines, and standards pertaining to the use of IT within Sengunthar Engineering College

The university is upgrading its IT infrastructure, and software for office automation, admissions, library, examinations, and other purposes is being implemented. Students are encouraged to use ICT tools to provide seminar speeches. Creation of committee regarding IT policy is under progress. The institute has always given priority for up-gradation of IT facilities. Regular updating is done in facilities at institute level as well as department level. The description of the same is provided below.

Wi-Fi has been installed around the campus to allow students and faculty members to easily access the internet. Due to rapid technological advancements, computers are upgraded on an almost yearly basis. On working days, all computer laboratories are open from 9 a.m. to 5 p.m., with the ability to extend the hours if necessary. If equipment is required, we submit the request six months in advance.

Remote Centre for IIT, Bombay: The audio-visual setup enables the institute to often arrange workshops conducted by IITs via video conferencing. The equipment of audio visual setup was upgraded in 2018.

Upgrading Policy: Computers in the institute are upgraded with new Hard Drive and RAM with a size of 4GB and 8GB.

Identity: System Identity is given in the form of IP Addresses and unique number is assigned to each and every computer in laboratories and faculty rooms.
