2. Constitution of India

Sengunthar Engineering College (Autonomous) has introduced as a mandatory course 19MDC601 Constitution of India at UG Degree level across all engineering disciplines to create awareness and sensitization the students and employees to constitution obligation .

3. Students Induction Programme

Two weeks Students Induction Programme (SIP) conducted for fresher admitted in the UG programmes from 08.11.2021 to 20.11.2021.

Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Programme engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values.

List of activities conducted during SIP:

1. Lectures on Universal Human Value, Ethics, Communication Skill & Body Language
2. Physical Activity & Yoga.
3. Opportunities in Engineering field & Research.
4. Familiarization to Dept./Branch/Rules & Regulations.
