SOCIETY FOR ENGINEERING EDUCATION ENRICHMENT (SEEE)

VISION

SEEE is a not-for-profit multidisciplinary professional society for individuals and organizations aimed at enhancing professional competence and enables collaboration, knowledge sharing and skill development across all engineering disciplines through advancing excellence and enrichment.

MISSION

Our mission is to inspire, inform and influence the global engineering community, supporting technology innovation to meet the needs of society.

ABOUT SEEE

Society for Engineering Education Enrichment (SEEE) is the nonprofit organization for the engineering profession in India. SEEE founded in 2016, major challenge by a group of young graduate engineers in India to serve the interests of the individual engineer in India across all the disciplines of engineering. SEEE's key areas of focus are Promoting and protecting the Professional engineer, Leadership, Developing future Professional Engineers. SEEE shall be one of the very best Engineering Professional bodies in the world. It is dedicated to providing quality service aimed at enhancing professional competence and development of its members at all times. The society looks after the professional needs of members through well structured programmes and regular interactions among the different cadre of membership, enhancing high professional standard and ethical practices.

SEEE is committed to focus collaboration with, influencing and providing quality advice to the various arms for the purpose of uplifting the country as a whole. SEEE shall make meaningful contributions to the advancement of technology worldwide. Our mission is to inspire, inform and influence the global engineering community, supporting technology innovation to meet the needs of society. We treat everyone with integrity and respect, continually striving for excellence in all our activities and use the power of teamwork to deliver value.

The SEEE is working to engineer a better world by inspiring, informing and influencing our members, engineers and technicians, and all those who are touched by, or touch, the work of engineers. SEEE is much more than a source of "letters after your name". It can help you in your career both before and after you graduate. In addition to the tangible benefits that member's value, membership in a professional society offers individuals the opportunity to support or be actively involved in research, communications and programs in their field.

Your ideas into INNOVATION Your dreams into a START-UP The future of INDIA

A CHANCE TO WIN

2 Cr seed fund to top 10 startups	70 Lacs worth of free TI Tools	25,000+ certificates spread across the contest
1.44 Cr stipends for Incubates	50 Lacs cash prizes (600+ types)	1.5 Cr product development funds for top 30 teams

DST & Texas Instruments

INDIA INNOVATION CHALLENGE DESIGN CONTEST 2019

Anchored by NSRCEL @ IIMB

Semi Final Submission

INNOVATE WITH INDIA, CHANGE THE WORLD!

Texas Instruments in collaboration with Department of Science and Technology (DST), powered by AICTE mission proudly announce the DST & Texas Instruments India Innovation Challenge Design Contest 2019 anchored by NSRCEL, Indian Institute of Management, Bangalore (IIMB) and supported by MyGov. The contest is open for all Indian engineering students pursuing undergraduate, postgraduate & Doctoral degrees with Indian engineering colleges.

Texas Instruments (TI) invites all student innovators, thinkers and makers of the country to join the revolution, who have a dream to create something new, aspire to make a difference, contribute to India's success towards becoming an Innovation Hub.

Give your ideas a jump-start by sculpting your innovation with technical support from Texas Instruments, business mentorship from IIMB, funding of INR 4.94 crores from DST

Incubate - with mentors from India's smartest brains from IIMB

Launch - your product with funding and prizes from DST & TI

Design - using Innovative products with technical mentorship & resources from TI
