STRATEGIC PLAN

(JUNE 2020 TO MAY 2025)

STRATEGIC PLAN: JUNE 2020 TO MAY 2025

1. GENERAL

1. This Strategic Plan covers the period of five years starting from June 2020 to May 2025. The plan has been evolved after series of discussions and due deliberations by members of the stakeholders and statutory bodies with a view to elevate **Sengunthar Engineering College** (called **SEC**) as accredited by NBA and NAAC with next level Grade.

2. The detailed plan is a product of analysis and resulting deductions of a number of factors and key considerations summarized into three major chapters, namely, Macro Scenario Analysis, Industry Analysis and Institutional Analysis. The participation of eminent stakeholders, academicians, and researchers, particularly in the field of Academic, Research and Development has substantially contributed to this document.

Vision:

To produce talented engineers and technicians to meet the challenge of the modern world to train the young People to understand the human values.

Mission:

To offer professional education and bring out the hidden talents from the rural based students as our nation depends on rural mass.

Quality Policy:

SEC is Committed to

- Provide Quality Technical Education in Undergraduate and Post Graduate fields as per the University Syllabus and in strict compliance with AICTE requirements.

- The Quality Education encompasses the needs and expectations of all interested parties with a strong focus on student centric approach.
- The main focus would be to build students of character and make them employable and successful in their life by inculcating life skills.
- We will strive to consistently achieve these through building competencies among faculties and continual improvement of the QMS.

INSTITUTIONAL ANALYSIS:

SWOC Analysis, Academic and Admin Audit point out to the following areas requiring focus.

Strengths

- University affiliation with 10 years of educational legacy along with NAAC “A” grade accreditation.
- Supportive management, committed faculty & staff with creative and innovative ideas, motivated students.
- Sengunthar Charitable Trust Scholarship for 90 % of the students.
- Implementation of Outcome based Educational process.
- Strong focus on Excellence in Education, Research and Promotion of Innovation & Entrepreneurship.
- Periodic Project Review meetings to encourage the students to work on real-life solutions/applications.
- Excellent Industry-Institution Interaction which in turn very much useful for upgrading the curriculum and syllabus based on current industry needs.
- Value added courses; Life Skills and Employability Enhancement courses are included as a part of the curriculum for improving the Employability, Entrepreneurship, and Skill development activities.

- Conversion of Bio-Degradable waste into Bio-Fertilizers by Vermicomposting.
- Effective function of Rain Water Harvesting.
- Celebration of National and International Commemorative Days

Weakness

- Collaborative laboratories with industry to enhance industry institute interaction.
- Implementing the Innovative Teaching Strategies and Outcome based education as per bloom's Taxonomy.
- Strengthening Alumni Association and their Contribution to the institution through Entrepreneurship and Skill development activities.
- ICT tools for implementation of innovative teaching learning methodology.
- Students' awareness on GATE and other competitive examinations.
- Implementation of renewable energy generation and waste water treatment facility.

Opportunities

- Considering the socio - economic background of the students there is a scope to focus on pedagogy for seamless transfer of knowledge from the faculty to the students.
- Entrepreneurship Cell to incubate and encourage students with innovative ideas to develop the entrepreneurship skills among the students.
- Motivating students to upgrade their knowledge through MOOC courses like NPTEL or SWAYAM which facilitates lifelong learning.
- Upgrade the laboratories with sophisticated equipment and software tools to train students, support research and consultancy.

- Learning flexibility through extracurricular activities like sports, NCC and NSS.
- Enhancing Energy Conversation by new policies and mythologies
- More facility for Disabled person
- Better policy and innovative methods for Waste Management

Challenges

- Limited resource funding from national and International funding agencies to pursue cutting edge research and consultancy.
- Enhancing the communication and employability skills of the students has become a major challenge in the present-day industry demand.
- Measures to review the course content in order to make them relevant to the present-day industry requirements.
- Innovations in curriculum and teaching pedagogy to place students at par with global competitions.
- Lack of interest among the students to pursue research as career.

CONCLUSION

The 5-year plan covers the salient points of the direction towards attainment of Institution's Vision and Mission. It is neither attended to cover nor covers a complete development landscape of the Institution. All concerned designations, faculty, staff and stakeholders are expected to read the plan carefully and carry out a micro-planning to attain the set standards and targets.

The Plan shall be put up before the Management for consideration and approval. IQAC shall drive the above plan and support actions to ensure that all concerned meet the plan as a whole and its given targets. The actions on the plan will be assessed before every IQAC meeting, if required the plan can be suitably modified by the IQAC with the permission of the Principal with justifications recorded in the Minutes for such an amendment. The Plan comes into effect from the date of Approval by the Management.
