Kriakshetra: Skill Training on PLC Programming for First-Year Students (Set 2, Batch 1)

As part of the *Kriakshetra* initiative, a specialized skill training session on PLC programming was successfully conducted for first-year students of Set 2, Batch 1. This training provided students with valuable hands-on experience and a solid foundation in PLC programming, equipping them with essential technical skills at an early stage of their academic journey. The initiative aligns with the department's broader vision to engage students with industry-relevant skills from the start of their studies, ensuring they are well-prepared for future technological challenges.

Placement Training

Job Readiness Coaching

The second day of the placement training programme for final year Tier-1 students was successfully conducted. The session focused on enhancing students' interview skills, aptitude, and technical knowledge. Expert trainers provided valuable insights and hands-on exercises to prepare students for upcoming campus placements.

Thought for the Day:

"Your attitude and perspective will determine the direction you want to go to."
