The Sengunthar Entrepreneurship Exhibition serves as a platform to fulfill the entrepreneurial dreams of our students, offering them a spring of inspiration to cultivate and develop their entrepreneurial expertise.

The symposium has created a festive mood for all students and faculty members, including the Principal, Director-CRT, and the Chief Guest.

A social event for the betterment of those in need, Sparism, was conducted on September 18, 2024, by the School of Electronics. The Rice Bucket Challenge was also held, during which grains and donations were offered to an orphanage. The event was highly successful and received positive feedback from the community. Over Rs. 25,000 was raised through contributions from alumni, students, staff, and faculty members.
