

Cyber Security Students Visit Nestsoft Technologies in Kochi

Seventy-five students from the second and third years of the Department of Computer Science and Engineering (Cyber Security) participated in an industrial visit to Nestsoft Technologies, Kochi, Kerala, on April 11, 2026. The visit was organised to provide students with practical exposure to industry operations and emerging trends in the field of information technology. During the visit, the students gained insights into real-world applications and professional practices in software development and cybersecurity. The initiative aimed to bridge the gap between academic learning and industry requirements, enhancing the students' understanding of current technological advancements.

MBA Department Holds 8th Board of Studies Meeting

The Department of Management Studies conducted its 8th Board of Studies (BoS) meeting on April 11, 2026. The meeting was attended by the University nominee, subject experts, an industry expert, and internal faculty members. Discussions focused on academic planning, curriculum development, and aligning the programme with current industry requirements. The BoS meeting aimed to strengthen the academic framework and ensure that the curriculum remains relevant to evolving professional standards.

Lt. Dr. M. Arunkumar AP/ECE participated in the International Conference on Intelligent Systems and Digital Transformation (ICISD'26) organized by SRM Institute of Science and Technology, Chennai held on 6th and 7th April 2026.

STUDENTS CORNER
