

Workshop Enhances Research Article Writing Skills

Dr. N. Kandasamy, Assistant Professor and Head, Department of Pharmaceutical Technology, conducted a workshop titled “Writing Research Articles: Tools, Techniques, and Collaboration Using Reference Management Software”

Day 1.

The session aimed to equip participants with the skills needed to write effective and well-structured research papers. It covered key aspects such as understanding the structure of research articles—abstract, introduction, methodology, results, and discussion—along with modern digital tools for writing, editing, and formatting.

The workshop also emphasized efficient collaboration with co-authors and the use of reference management software like Zotero, Mendeley, and EndNote. By the end of the session, participants gained practical insights into planning, writing, and managing research work more effectively and professionally.

Guest Lecture Highlights AI's Role in Cyber Security

The Department of Computer Science and Engineering (Cyber Security) organized a guest lecture on “AI in Cyber Security” for second, third, and fourth-year students on October 24, 2025. The session focused on the integration of artificial intelligence in strengthening cyber defence strategies. A total of 110 students participated in the event, gaining valuable insights into emerging trends and applications of AI in the field of cyber security.

Guest Lecture Focuses on UI/UX Design in AI Era

The Department of Computer Science and Engineering (M-Apps Club) organized a guest lecture on “Features of UI & UX Design in the Age of AI” for third-year CSE students on October 24, 2025 (forenoon session). The lecture explored the evolving role of artificial intelligence in shaping modern user interface and user experience design. A total of 87 students participated and gained valuable insights into innovative design trends and AI-driven development practices.

Faculty Attends National Convention on Quantum Computing

Dr. M. Soundar Rajan, Assistant Professor, Department of Civil Engineering, attended the 38th National Convention of Computer Engineers held at Sona College of Technology, Salem, in association with the Institution of Engineers (India) – Salem Local Centre. The convention focused on the theme “Quantum Computing for NextGen Digital Transformation,” highlighting emerging trends and innovations shaping the future of digital technology.

ECE Department Conducts Reverse Engineering Workshop

The Department of Electronics and Communication Engineering conducted a Reverse Engineering Laboratory session for first-year ECE students on October 27, 2025. The session was handled by Mr. M. Baskaran, Assistant Professor (ECE), and Mrs. D. Ramya, Assistant Professor (ECE). The workshop aimed to provide students with practical insights into product analysis, design understanding, and innovation through reverse engineering techniques.
